

■ PACIFIC ENGAGEMENT

“I am not an individual; I am an integral part of the cosmos. I share divinity with my ancestors, the land, the seas and the skies. I am not an individual, because I share my tofi (an inheritance) with my family, my village and my nation. I belong to my family and my family belongs to me. I belong to my village and my village belongs to me. I belong to my nation and my nation belongs to me. This is the essence of my belonging.

“The Trust has articulated a desire to ‘respond’ to the needs of Pacific communities, and in particular their social providers, to contribute to the goal of enhancing equity in the Auckland region. To do so meaningfully requires a degree of understanding of how Pacific communities are held together. In a cultural sense, the proposed process has been designed to ‘activate’ the ‘va’ between the Trust, and Pacific communities. The calling of the proposed meeting (‘fono’) is a statement by the Trust that they have a responsibility to Pacific communities. Pacific communities respond to each other, through a complex process of constantly negotiating and renegotiating the responsibilities of one person, to another, and therefore, the appropriate responses one should have to another”.
